The Round Table Meeting for Sulfuric Acid Plants

The 13th Round Table Meeting for Sulfuric Acid Plants will take place in October 2022 in Temuco, in the south of Chile (the exact dates will be announced as soon as they are available). The round table meeting provides an excellent opportunity to meet key personnel from most sulfuric acid plants in the region, to learn about new projects, and to know more about the sulfur and acid market. And most important, it will give you a chance to exchange experiences with colleagues and experts.

The Venue

Temuco is located in the beautiful Lake District, 670 kms south of Santiago. Chile's Lake District is famous for its spectacular scenery—deep blue mountain lakes, snow-capped volcanoes, and forests. The conference will take place in Hotel Dreams, in the center of the city. Besides rooms in Hotel Dreams, Holtec has made reservations in the Best Western Hotel, right next to the Dreams Hotel.
